

INDIA IS FILLED WITH COMMUNIST INTRIGUE TODAY

"Fighting Yank in Kash-
mir" Tells of Such
Penetration

HAIGHT EXPERIENCES

Fighting Still Rages Be-
tween the Hindus and
Moslems

(A secret Moscow protocol recently made public by the State Department reveals that in 1940 Germany, Japan, and Persia agreed to Soviet "territorial aspirations . . . in the direction of the Indian Ocean," which meant India.

(In the following fifth article of his thrilling series, Russell K. Haight, ex GI from Denver and Brooklyn who led a Moslem army against the Hindus in Kashmir tells of Communist intrigue in India today—eight years after India was earmarked for Soviet penetration in the secret Hitler-Stalin-Hirohito pact.

(Haight recently returned from Kashmir where fighting still rages between the Hindus and Moslems.)

DENVER, Feb. 16 — (INS)—The
glaciers of Nagar mass themselves
in an uninterrupted barrier from
northern Afghanistan to the Hima-
layan foothills.

Here is the true crossroads of the
East. In this wild country Afghan-
istan, India, Tibet, China, and
Soviet Russia meet.

From the Soviet Russia to India
the barrier can be crossed—through
the Giltig Passes.

And so, in 1889, the British estab-
lished the Giltig Passes and found-
ed the Giltig Scouts—to protect In-
dia from Russian expansion.

The British are gone now, and the
only news that comes down from
the Giltig Passes is that the wild
Pathan tribesmen still roam there.

At Poonch, and later, at Kotli, at
Janghar, at Seria, and at Mirpur
the Pathan tribesmen I commanded
had been equipped with Russian
rifles.

I say "equipped"—and I use the
word carefully.

For normally the Pathan carries
a home-forged single shot rifle, or
just a spear, a hatchet, or a tulwar
—a long, curved saber. Now and
then one sees a Pathan with a stolen
British Enfield rifle.

So when you meet a tribe of 300
in which every man is armed with
a Russian 7.7 rifle, its serial num-
bers carefully filed off, you begin
to wonder. No Pathan would bother
about a serial number.

And when you learn that these
tribes have come from the Giltig
country—you have no longer any
doubt that they were "equipped."
I saw many such tribes in many
places. I led them in battle.

There are other signs of Russia
in Kashmir.

In the bazaar section of Rawal-
pindi, Pakistan, there is a two-story
red-brick building surrounded by a
twelve-foot brick wall. It used to
be a mission college. It is a dif-
ferent kind of college today—teach-
ing Communism.

Grand Jury Suggests Changes at County Home

DOYLESTOWN, Feb. 16—The
Grand Jury for the February ses-
sions of Bucks county criminal
court submitted its report to Judges
Hiram H. Keller and Calvin S. Boy-
er, in which they asked that sepa-
rate quarters be established for the
paid employees of the Bucks County
Home in order to relieve congested
conditions existing there.

The report states that the main
building at the Home is filled to
capacity with patients, and that in-
adequate quarters for the hired help
exists. The report further states
that the hired help is dissatisfied
with the living conditions and that
it is impossible to employ additional
competent help without additional
quarters.

The jury also recommended that
safety guards be installed at all
windows adjoining fire escapes;
that an elevator be installed in the
main building; that recreation and
sun rooms be provided for both men
and women; and that additional
ventilation be provided in both
buildings. The general conditions
of the other buildings was found to
be satisfactory.

The Grand Jury reported that the
Court House was found to be over-
crowded in all offices except that of
the Sheriff and Register of Wills.
They recommended that the main
court room be redecorated, and an-
other recommendation was fireproof
doors in the boiler rooms. They also
recommended that the basement
rooms in the court house be cleaned
and trash removed. All other build-
ings were found to be in excellent
condition.

GLEANED BY SCRIBES

The son of a Washington Cross-
ing resident has died at Bethesda,
Md., according to word received.
The deceased is Raymond J. Denah-
an, son of Mrs. E. R. Denahan,
Washington Crossing.

Mr. Denahan is survived also by
his wife, Mrs. Alvina Kass Denah-
an; a daughter, Dolores, and two
brothers.

Declaring that it occurs mostly
in home grown herds and not in
buyers' herds, Dr. Vincent M. Ruth,
Lansdale veterinarian, speaking on
"X Disease" at a meeting of the
Bucks-Montgomery County Jersey
Cattle Club at Doylestown on Tues-
day said: "The peculiar part is that
there seems to be no transmission
by exposure. Healthy cattle don't
seem to get it when placed with
those having the disease. It may be
a parasite."

Speaking to about 25 Jersey cat-
tle breeders, most of whom are
from Bucks county, Dr. Ruth said
that "X Disease" makes cattle look
as if they had the mange. "The cat-
tle look as if they had never been
fed. They will carry their calves
from one to four weeks overtime
and have trouble 'calving.'"

"You can tell it from mange be-
cause it doesn't make them itchy."

A SUMMARY OF THE NEWS

The drop in retail food prices
following the break in the com-
modity markets was believed to
have run its course. Experts pre-
dicted prices would start rising un-
less the entire economic structure
crumbled. The National Farmers
Union asked Congress to investigate
whether the market break had been
a "deliberately engineered affair"

to prejudice wage rises, price con-
trol and rationing and full appro-
priations for the Marshall Plan.
Senator Vandenberg was reported to
be in favor of Representative
Herter for chair man of the joint
Congressional "watchdog" commit-
tee to supervise the progress of the
European Recovery Program. Con-
gress will receive from the Presi-
dent today a detailed report on the
Greek-Turkish aid program. Maj.
Gen. Van Fleet, who will head all
United States military units in
Greece, has been added by Athens
to the Greek National Defense
Council, which is directing the war
against the guerrillas.

Federal rent controls expire two
weeks from today, and Congress will
probably vote a 30-day extension
while it debates a longer policy.

final report as Chief of Staff that

BRISTOL FIREMEN CALLED TO TRENTON

Four Companies With Ap-
paratus Do "Standby"
Duty in Capital City

THREE-ALARM BLAZE

Bristol firemen were summoned to
Trenton Saturday afternoon when
that city's fire fighting forces faced
a three-alarm blaze at the Binder
Department Store, East State street,
in the principal business district.
All of the Bristol men and equip-
ment were assigned to "stand-by
duty" in various fire stations.

The damage wrought by the
blaze, upon investigation yesterday,
was found to have been far more
serious than at first estimated. The
Binder store at 132 E. State street,
became a blackened heap of rubble
as a half-ton battering ram smashed
the whole building to bits after a
side-wall collapsed.

While no official estimate could
be obtained the damage to the build-
ing and merchandise, it is believed,
will run as high as \$500,000.

With a roar that could be heard
for blocks the west wall collapsed
at five o'clock yesterday morning.
The west wall crumbled, throwing
debris into the old graveyard of
the First Presbyterian Church. The
conclusion was so terrific it blew
cut a show window on the Hanover
street side of the store and tossed a
floor lamp several feet into the
street. Demolition crews worked
all day yesterday, clearing the site.

Four pieces of fire apparatus with
approximately 60 firemen from here
answered the call. Bristol Fire Co.,
No. 1, with pumper and 12 men;
America Hose, Hook & Ladder Co.,
No. 2, with pumper-combination
ladder truck and 16 men; Good Will
Hose Company, No. 3, with pumper
and 15 men; and Bristol Consoli-
dated Department with 1000 gallon
pumper and 15 men, answered the
call from here.

Bristol No. 1 was stationed at
Hanover street station, No. 2 at
Brunswick and Pine street, No. 3 at
headquarters on Perry street, and

YOUNG ADULTS HEAR SHAUN COPITHORNE

"Only Thing Not Changed
by Atomic Age Is Chris-
tian Way of Life"

BANQUET HELD HERE

"We are living in a new age.
This age started when the atomic
bomb was dropped, near the end of
the last war. The only thing that is
not changed by this atomic age and
will not be changed is the Christian
way of life. The only way to peace
is 'The Christ Way.'"

With this thought, Shaun Copi-
thorne, of the American Friends
Service Committee, brought an ad-
dress on the "Way to Peace" to a
close.

Mr. Copithorne spoke at the bi-
monthly meeting of Young Adults,
Lower Bucks County Area, Phila-
delphia Conference of the Methodist
Church. This dinner meeting was
held in the Bristol Methodist Church
on Saturday evening.

In his address, Mr. Copithorne
emphasized in a very convincing
way the following seven points: 1.
The United States can no longer be
an isolated nation. We must drop
isolation, whether we like it or not.
2. We should take displaced persons
from Europe; 3. We should make
retribution to the Japanese-Ameri-
cans who were displaced from the
Pacific coast and sent in to the in-
terior during the war; 4. We should
see that the Marshall Plan is passed,
then, we should overhaul our entire

DAIRYMAN PAYS FINE FOR SELLING MILK TOO CHEAP

Hendricks' Dairy, Sellers-
ville, Sold Grade B Milk
Under Fixed Price

BUTTERFAT WAS 4.3%

Milk Had Too Much Cream
To Be Classed As
Grade B

SELLERSVILLE, Feb. 16 — The
Hendricks Dairies here have been
assessed a \$25 fine and costs, by
the State Milk Control Commission,
because, it is stated, the dairy's milk
was too rich for the selling price.
The Commission calls the offense
"price-cutting." The Grade B milk
assayed 4.3 per cent butterfat, and
the dairy did not charge an extra
cent for it per quart. Warren L.
Hendricks, owner, says that he has
been selling the milk the same way
for the last 15 years.

The case, which has received con-
siderable publicity locally, has
brought the dairy more business,
says Hendricks, who serves 1,000
customers in Sellersville, Perkasie,
Quakertown, Souderton, Telford,
Hatfield and Lansdale.

"It was probably worth the \$25
for the extra business," said Hen-
dricks. "We've gained some and are
still gaining. I might even be tempt-
ed to try it again, but the Commis-
sion told me the penalty would be

GAS CONSUMERS TO PAY HIGHER RATES

Increased Tariffs to Become
Effective Next Thursday,
It is Announced

HEATING COST HIGHER

Gas consumers in Montgomery,
Delaware, Bucks, Chester and Lan-
caster counties will pay higher
rates for gas beginning Thursday.
The higher rate was granted the
Philadelphia Electric Company on
Saturday by the State Public Utility
Commission. It is estimated that
155,000 consumers will be affected.

The new rate provides for a mini-
mum charge of \$1 for the first 200
cubic feet for general services. The
next 1,800 cubic feet will cost \$1.30
per thousand cubic feet; the next
6,800 cubic feet at the rate of 75
cents a thousand cubic feet; the
next 70,000 cubic feet at the rate of
65 cents a thousand cubic feet, and
for gas over that amount 58 cents
a thousand cubic feet.

The rate for home heating service
will be 80 cents a thousand cubic
feet for the first 20,000 cubic feet
and 55 cents a thousand cubic feet
for over that amount.

Deer Nearly Killed When It Crashes Into Car

A startling sensation was experi-
enced Saturday morning shortly be-
fore noon by Theodore N. Luz, 3rd,
Old Lincoln Highway, Trevoise,
when the car he was driving was
crashed into by a deer.

The deer dashed out of a wooded
section at Roosevelt boulevard and
Mace street, when Luz alone, was
driving south on the Boulevard. "I
didn't know what had hit me," said
Luz, "until I looked into the mirror
and saw the deer lying on the
ground in back of the car."

The deer struck the car on the
right side front door, top and hood
of the machine. The car was dam-
aged to the extent of \$150 and the
deer was badly injured but escaped
into a wooded section.

The deer was knocked out for
about 20 minutes and as soon as a
Park Guard, Patrick McCarthy, who
witnessed the accident could dis-
perse the crowd he planned to shoot
the deer but the animal suddenly
leaped to its feet and dashed away.
A search of the area failed to locate
it.

Luz was not hurt but greatly sur-
prised when the deer practically fell
on top of the car. Neither the glass
in the door or the windshield were
broken.

"The deer breathed heavily after
the accident," says Luz.

Kaiser-Frazer to Sue Bankers in Stock Deal

ALBANY, N. Y., Feb. 16—Kaiser-
Frazer Corp. is preparing a \$7,762-
500 court action against a banking
firm for alleged "repudiation" of
stock purchase contracts, it was dis-
closed by papers filed here with the
Secretary of State.

The action, covering 675,000
shares of common stock, is directed
against Otis & Co., of Cleveland.
Notice of intention to file suit in
New York State Supreme Court was
served Friday on the Secretary of
State as legal agent for all firms li-
censed to do business within the
State.

Otis has until March 5th to an-
swer the complaint.

Officials for Otis were not avail-
able in New York or Cleveland for
comment.

Kaiser-Frazer charged in the
complaint that Otis:
1—"Without justification or ex-
cuse repudiated" a contract to buy
337,500 shares of Kaiser-Frazer
common for \$3,881,250.

2—"Maliciously induced" the First
California Co. of San Francisco to
call off a contract for the same
amount.

3—"Inspired" a court action by a
Kaiser-Frazer stockholder to halt
issuance of 1,500,000 shares of new
stock, and used this as grounds to
terminate the contracts.

DIVORCE IS SOUGHT

DOYLESTOWN, Feb. 16 — Three
suits, one in which a Morrisville
couple is suing for \$4,664; a divorce
action begun by a Croydon wife,
and an appeal by a New Britain
defendant from an Edison Justice
of the Peace, have been filed in the
Court of Common Pleas, here.

Claiming damages amounting to
\$2164 and \$2500, Charles C. Habel
and Esther M. Habel, respectively,

Tammara, 1111 South Clinton ave-

land street, both of Trenton, N. J.,
the defendants in an action in tres-
pass.

The two-count claim grows out
of a truck-car collision near Tully-
town Borough Line January 9, 1946,
when the complainants were in a
car and a truck, owned by Tam-
mara, being operated by Schmidt,
figured in an accident.

Following a judgment in favor
of the plaintiff, S. Carl Garner and
Company, Harboro, by Justice of
the Peace William Wrigley, Edison,
an appeal has been filed by the
defendant, William Anderson Blythe,
New Britain.

Justice of the Peace Wrigley, at a
hearing December 15, 1947, gave
judgment in favor of the plaintiff
amounting to \$69.75 in the absence
of the defendant.

Mrs. Catherine M. Kenny, Sixth

husband, William E. Kenny, 4517
Devereaux street, Philadelphia, the

Gross, in Philadelphia.

INDIA IS FILLED WITH COMMUNIST INTRIGUE TODAY

"Fighting Yank in Kashmir" Tells of Such Penetration

HAIGHT EXPERIENCES

Fighting Still Rages Between the Hindus and Moslems

(A recent Moscow protocol secretly made public by the State Department reveals that in 1940 Germany, Japan, and Persia agreed to Soviet "territorial aspirations" in the direction of the Indian Ocean, which meant India.

(In the following fifth article of his thrilling series, Russell K. Haight, ex GI from Denver and Brooklyn who led a Moslem army against the Hindus in Kashmir tells of Communist intrigue in India today—eight years after India was earmarked for Soviet penetration in the secret Hitler-Stalin-Hirohito pact.

(Haight recently returned from Kashmir where fighting still rages between the Hindus and Moslems.)

DENVER, Feb. 16—(INS)—The glaciers of Nagar mass themselves in an uninterrupted barrier from northern Afghanistan to the Himalayan foothills.

Here is the true crossroads of the East. In this wild country Afghanistan, India, Tibet, China, and Soviet Russia meet.

From the Soviet Russia to India the barrier can be crossed—through the Gligit passes.

And so, in 1889, the British established the Gligit Agency and founded the Gligit Scouts—to protect India from Russian expansion.

The British are gone now, and the only news that comes down from the Gligit Passes is that the wild Pathan tribesmen still roam there.

At Panch, and later, at Kott, at Janghar, at Seria, and at Mirpur the Pathan tribesmen I commanded had been equipped with Russian rifles.

I say "equipped"—and I use the word carefully.

For normally the Pathan carries a home-forged single shot rifle, or just a spear, a hatchet, or a tulwar—a long, curved saber. Now and then one sees a Pathan with a stolen British Enfield rifle.

So when you meet a tribe of 300 in which every man is armed with a Russian 7.7 rifle, its serial numbers carefully filed off, you begin to wonder. No Pathan would bother about a serial number.

And when you learn that these tribes have come from the Gligit country—you have no longer any doubt that they were "equipped." I saw many such tribes in many places. I led them in battle.

There are other signs of Russia in Kashmir.

In the bazaar section of Rawalpindi, Pakistan, there is a two-story red-brick building surrounded by a twelve-foot brick wall. It used to be a mission college. It is a different kind of college today—teaching Communism.

Grand Jury Suggests Changes at County Home

DOYLESTOWN, Feb. 16—The Grand Jury for the February sessions of Bucks County criminal court submitted its report to Judges Hiram H. Keller and Calvin S. Boyer, in which they asked that separate quarters be established for the paid employees of the Bucks County Home in order to relieve congested conditions existing there.

The report states that the main building at the Home is filled to capacity with patients, and that inadequate quarters for the hired help exists. The report further states that the hired help is dissatisfied with the living conditions and that it is impossible to employ additional competent help without additional quarters.

The jury also recommended that safety guards be installed at all windows adjoining fire escapes; that an elevator be installed in the main building; that recreation and sun rooms be provided for both men and women; and that additional ventilation be provided in both buildings. The general conditions of the other buildings was found to be satisfactory.

After visiting the Bucks County Prison, the Grand Jury reported that plumbers and painters were at work making a number of improvements and that "everything was found in first-class condition," and that all requests made by the warden had been granted.

The Grand Jury reported that the Court House was found to be overcrowded in all offices except that of the Sheriff and Register of Wills. They recommended that the main court room be redecorated, and another recommendation was fireproof doors in the boiler rooms. They also recommended that the basement rooms in the court house be cleaned and trash removed. All other buildings were found to be in excellent condition.

The son of a Washington Crossing resident has died at Bethesda, Md., according to word received. The deceased is Raymond J. Denahan, son of Mrs. E. R. Denahan, Washington Crossing.

Mr. Denahan is survived also by his wife, Mrs. Alvina Kass Denahan; a daughter, Dolores, and two brothers.

Declaring that it occurs mostly in home grown herds and not in buyers' herds, Dr. Vincent M. Ruth, Lansdale veterinarian, speaking on "X Disease" at a meeting of the Bucks-Montgomery County Jersey Cattle Club at Doylestown on Tuesday, said: "The peculiar part is that there seems to be no transmission by exposure. Healthy cattle don't seem to get it when placed with those having the disease. It may be a parasite."

Speaking to about 25 Jersey cattle breeders, most of whom are from Bucks county, Dr. Ruth said that "X Disease" makes cattle look as if they had the mange. "The cattle look as if they had never been fed. They will carry their calves from one to four weeks overtime and have trouble calving."

"You can tell it from mange because it doesn't make them itchy. Continued on Page Three

A SUMMARY OF THE NEWS

The drop in retail food prices, following the break in the commodity markets was believed to have run its course. Experts predicted prices would start rising unless the entire economic structure crumbled. The National Farmers Union asked Congress to investigate whether the market break had been a "deliberately engineered affair" to prejudice wage rises, price control and rationing and full appropriations for the Marshall Plan.

Senator Vandenberg was reported to be in favor of Representative Herter for chair man of the joint Congressional "watchdog" committee to supervise the progress of the European Recovery Program. Congress will receive from the President today a detailed report on the Greek-Turkish aid program. Maj. Gen. Van Fleet, who will head all United States military units in Greece, has been added by Athens to the Greek National Defense Council, which is directing the war against the guerrillas.

Federal rent controls expire two weeks from today, and Congress will probably vote a 30-day extension while it debates a longer policy.

General Eisenhower said in his final report as Chief of Staff that "we are much study and research devoted to the causes and prevention of war as have been to the

BRISTOL FIREMEN CALLED TO TRENTON

Four Companies With Apparatus Do "Standby" Duty in Capital City

THREE-ALARM BLAZE

Bristol firemen were summoned to Trenton Saturday afternoon when that city's fire fighting forces faced a three-alarm blaze at the Binder Department Store, East State street. In the principal business district. All of the Bristol men and equipment were assigned to "stand-by duty" in various fire stations.

The damage wrought by the blaze, upon investigation yesterday, was found to have been far more serious than at first estimated. The binder store at 132 E. State street, became a blackened heap of rubble as a half-ton battering ram smashed the whole building to bits after a side-wall collapsed.

While no official estimate could be obtained the damage to the building and merchandise, it is believed, will run as high as \$500,000.

With a roar that could be heard for blocks the west wall collapsed at five o'clock yesterday morning. The west wall crumbled, throwing debris into the old graveyard of the First Presbyterian Church. The concussion was so terrific it blew out a show window on the Hanover street side of the store and tossed a floor lamp several feet into the street. Demolition crews worked all day yesterday, clearing the site.

Four pieces of fire apparatus with approximately 60 firemen from here answered the call. Bristol Fire Co. No. 1, with pumper and 12 men; America Hose, Hook & Ladder Co. No. 2, with pumper-combination ladder truck and 16 men; Good Will Hose Company, No. 3, with pumper and 15 men; and Bristol Consolidated Department with 1000 gallon pumper and 15 men, answered the call from here.

Bristol Co. 1 was stationed at Hanover street station, No. 2 at Brunswick and Pine street, No. 3 at headquarters on Perry street, and Continued on Page Three

YOUNG ADULTS HEAR SHAUN COPITHORNE

"Only Thing Not Changed by Atomic Age is Christian Way of Life"

BANQUET HELD HERE

"We are living in a new age. This age started when the atomic bomb was dropped, near the end of the last war. The only thing that is not changed by this atomic age is the Christian way of life. The only way to peace is 'The Christ Way.'"

With this thought, Shaun Copithorne, of the American Friends Service Committee, brought an address on the "Way to Peace" to a close.

Mr. Copithorne spoke at the bi-monthly meeting of Young Adults, Lower Bucks County Area, Philadelphia Conference of the Methodist Church. This dinner meeting was held in the Bristol Methodist Church on Saturday evening.

In his address, Mr. Copithorne emphasized in a very convincing way the following seven points: 1. The United States can no longer be an isolated nation. We must drop isolation, whether we like it or not; 2. We should take displaced persons from Europe; 3. We should make retribution to the Japanese-Americans who were displaced from the Pacific coast and sent in to the interior during the war; 4. We should see that the Marshall Plan is passed, then, we should overhaul our entire Continued on Page Three

Deer Nearly Killed When It Crashes Into Car

A startling sensation was experienced Saturday morning shortly before noon by Theodore N. Luz, 3rd, Old Lincoln Highway, Trevese, when the car he was driving was crashed into by a deer.

The deer dashed out of a wooded section at Roosevelt boulevard and Magee street, when Luz alone, was driving south on the Boulevard. "I didn't know what had hit me," said Luz, "until I looked into the mirror and saw the deer lying on the ground in back of the car."

The deer struck the car on the right side front door, top and hood of the machine. The car was damaged to the extent of \$150 and the deer was badly injured but escaped into a wooded section.

The deer was knocked out for about 20 minutes and as soon as a Park Guard, Patrick McCarthy, who witnessed the accident could disperse the crowd he planned to shoot the deer but the animal suddenly leaped to its feet and dashed away. A search of the area failed to locate it.

Luz was not hurt but greatly surprised when the deer practically fell on top of the car. Neither the glass in the door or the windshield were broken.

"The deer breathed heavily after the accident," says Luz.

DAIRYMAN PAYS FINE FOR SELLING MILK TOO CHEAP

Hendricks' Dairy, Sellersville, Sold Grade B Milk Under Fixed Price

BUTTERFAT WAS 4.3%

Milk Had Too Much Cream To Be Classed As Grade B

SELLERSVILLE, Feb. 16—The Hendricks Dairies here have been assessed a \$25 fine and costs, by the State Milk Control Commission, because, it is stated, the dairy's milk was too rich for the selling price. "Price-cutting." The Grade B milk assayed 4.3 per cent butterfat, and the dairy did not charge an extra cent for it per quart. Warren L. Hendricks, owner, says that he has been selling the milk the same way for the last 15 years.

The case, which has received considerable publicity locally, has brought the dairy more business, says Hendricks, who serves 1,000 customers in Sellersville, Perkasie, Quakertown, Souderton, Telford, Hatfield and Lansdale.

"It was probably worth the \$25 for the extra business," said Hendricks. "We've gained some and are still gaining. I might even be tempted to try it again, but the Commission told me the penalty would be Continued on Page Three

Kaiser-Frazer to Sue Bankers in Stock Deal

ALBANY, N. Y., Feb. 16—Kaiser-Frazer Corp. is preparing a \$7,762,500 court action against a banking firm for alleged "repudiation" of stock purchase contracts, it was disclosed by papers filed here with the Secretary of State.

The action, covering 675,000 shares of common stock, is directed against Otis & Co., of Cleveland. Notice of intention to file suit in New York State Supreme Court was served Friday on the Secretary of State as legal agent for all firms licensed to do business within the State.

Otis has until March 5th to answer the complaint.

1—"Without justification or excuse repudiated" a contract to buy 337,500 shares of Kaiser-Frazer common for \$3,881,250.

2—"Maliciously induced" the First California Co. of San Francisco to call off a contract for the same amount.

3—"Inspired" a court action by a Kaiser-Frazer stockholder to halt issuance of 1,500,000 shares of new stock, and used this as grounds to terminate the contracts.

MORRISVILLE COUPLE SUE IN SUM OF \$4664

Have Named Two Trenton, N. J., Men in An Action Trespass

DIVORCE IS SOUGHT

DOYLESTOWN, Feb. 16—Three suits, one in which a Morrisville couple is suing for \$4,664; a divorce action begun by a Crofton wife, and an appeal by a New Britain defendant from an Edison Justice of the Peace, have been filed in the Court of Common Pleas, here.

Claiming damages amounting to \$2164 and \$2500, Charles C. Habel and Esther M. Habel, respectively, of Morrisville, have named Joseph Tammara, 1111 South Clinton avenue, and Julius Schmidt, 30 Woodland street, both of Trenton, N. J., the defendants in an action in trespass.

The two-count claim grows out of a truck-car collision near Tullytown Borough Line January 9, 1946, when the complainants were in a car, and a truck, owned by Tammara, being operated by Schmidt, figured in an accident.

Following a judgment in favor of the plaintiff, S. Carl Garner and Company, Harbors, by Justice of the Peace William Wrigley, Edison, an appeal has been filed by the defendant, William Anderson Blythe, New Britain.

Justice of the Peace Wrigley, at a hearing December 15, 1947, gave judgment in favor of the plaintiff amounting to \$69.75 in the absence of the defendant.

Mrs. Catherine M. Kenny, Sixth avenue, Crofton, has named her husband, William E. Kenny, 4517 Devereaux street, Philadelphia, the respondent in a libel in divorce. They were married November 9, 1939, by Justice of the Peace James Laughlin at Crofton. They separated July 5, 1946.

Russian Note Supports Italy's Trusteeship

Rome—The Italian Foreign Office announced today receipt of a Russian note supporting the assignment to Italian trusteeship of all of Italy's former colonies in Africa. The Foreign Office said the note repeated the statement of Soviet Foreign Minister Molotov in May, 1946, that Italy should be entrusted with the trusteeships "for a reasonable time." Significantly, the note comes as the Soviet Union is protesting use of the Mellaba Airfield, in the former Italian colony of Libya, by American planes as a violation of the peace treaty.

AND ALL FOR ONE

Leaders in a cooperative busi-
ness-industry advertising program
designed to increase public under-
standing of the American econ-
omic system have reported an
enthusiastic response from com-
panies and organizations wishing
to participate.

Larger concerns have long rec-
ognized the advantages in telling
people the facts of business life.
The reaction in this case indicates
that this philosophy is being ex-
tended throughout the business
community on an increasingly
widespread basis.

And in view of attacks on the
American way of life, there is
room for such a program, because
the general public has been fed a
woeful amount of misinformation
in the last decade or two. How
effective some of that has been is
shown by a recent survey whose
results are reported in the current
issue of Modern Industry, a mag-
azine published primarily for man-
agement men.

Fifty-seven per cent of the peo-
ple queried believe that most
companies can boost wages and at
the same time hold prices right
where they are. And four out of
five of that 57 per cent believe
that if industry raises wages it
will raise prices as well, even if it
doesn't have to.

Those replies don't betoken a
healthy condition. But there are
answers. Is it fair to believe, for
instance, that an industry expend-
ing nearly two-thirds of its in-
come dollars for labor can raise
wages without creating a swift and
sizeable swelling in its cost of do-
ing business—and therefore in its
price structure? And do most
people really believe that the busi-
ness interests of this country want
to see the inflationary spiral keep
spinning upwards—just because
they want to see more dollars in
the till—even if those dollars be-
come worth less and less?

If a lot of our people really be-
lieve those things, it's time they
got the other side of the story, in
sufficient detail to judge for them-
selves. Their own social-economic
system is on trial, and more de-
pends upon the outcome than the
figures in the weekly pay envelope.

WORRYING ABOUT WEATHER

Perhaps it is an erroneous im-
pression, but it seems to many
old-timers that people today worry
more about the weather than was
the case a generation ago. News-
papers, radio, weather man and
individuals are more concerned
because the temperature rises or
drops, with or without an accom-
paniment of snow, rain, hail, sleet
or tornado.

Before the days of the automo-
bile, electricity, automatic heat,
etc., people were less concerned
about atmospheric conditions than
is the case in this mechanized age.
If the woodbox had a plentiful
supply of fuel, there was oil for
the lamps and a ham or two hung
in the cellar, it made little differ-
ence what went on meteorological-
ly speaking.

Oh, well, the weather gives peo-
ple something to talk about, no
matter how corny it sounds.

ECHOES OF THE PAST

(By Courier Staff Member)

Review of the news as it appeared in the Bucks County Gazette
issue dated at Bristol Sept. 9, 1897. The Gazette, a weekly news-
paper published in Bristol, was discontinued following its merger
with the Courier.

The acceptance of Wilson street
by the borough as a public high-
way has imposed upon it a duty
that must soon be met, and that is
some system of drainage that will
prevent the water flowing into the
cellars of abutting properties dur-
ing every heavy rain.

William G. Munster, son of Ed-
ward Munster, has removed to
Langhorne where he has taken
charge of the postoffice there in
the capacity of assistant postmas-
ter.

H. F. Potter of the Hulmeville
Hotel, is erecting a fine boarding
stable opposite the hotel.

The Bristol correspondent of the
Standard tells this gruesome tale:
"Accompanied by the sexton, one or
two interested parties descended
into one of the oldest vaults in the
graveyard of St. James' Church last
week. The vault is inscribed with
the name of 'William Henry' who
died in 1793. Two coffins were
found, one perfectly whole and
looking as if it had been but re-
cently placed there. The other had
broken apart and the skeleton of
a woman was lying on the floor of
the vault, its head having fallen
from the body and rolled towards
the coffin of the other occupant. A
large, hoptoad, very much alive, was
discovered a contented inhabitant
of this home of the dead. These
ghastly sights having been exam-
ined, the exploring party ascended
to the surface and the old vault
was again sealed, for perhaps an
other hundred years, with its heavy
slab of marble."

Joshua Tomlinson has sold the
"Robert Morris Hotel" at Morris-
ville to D. Snyder Dyer, of Somer-
ton, for \$6,000.

There are very few hair cloth
manufacturers in the United States.
One of the most prosperous ones,
is located at Hulmeville and is
owned and operated by the enter-
prising firm of Ferdinand Reetz &
Son. The manufacture of hair cloth
as carried on by this firm was es-

tablished in Philadelphia in 1882,
and removed to Hulmeville in 1884.
The factory is thoroughly equipped
with all the necessary machinery
and appliances for the production of
perfect work, for which this firm
is especially noted. During the
past few years the demand for hair
cloth for ladies' crinolines was phen-
omenally large and this firm had
its full share of orders at prices
largely in advance of other years.

It is announced that Messrs. F.
Rumpf & Son, the well-known man-
ufacturers, are about to make a
notable improvement for Hulme-
ville. About a year ago they pur-
chased the tract of 150 acres be-
longing to the Joyce estate, on the
Neshaminy Creek, and adjoining the
borough. Upon this tract they have
made many notable improvements,
involving an outlay of several
thousand dollars.

It is now said that this expendi-
ture was but preliminary to the
erection of a new mill on this tract
at an expense of about \$25,000.
When completed the mill will give
employment to over 250 hands.

**India is Filled With
Communist Intrigue Today**

Continued from Page One

The founders of the college were
the public relations men of the
Azad (Free) Kashmir government,
Mitha, a Moslem, and G. K. Ready,
a Hindu.

British officers in Pakistan used
to tell me to avoid them but I got
to know them pretty well and I
liked them at first.

I lived with them in Punch House
every time I came to Rawalpindi.

Mitha and Ready had founded the
Kashmir Freedom League. Why
Ready, a Hindu, was taking part in

a Moslem revolt against the Hindu
government of India, I could only
guess.

The League has no official con-
nection with Azad. Its avowed pur-
pose is "to offer constructive criti-
cism to Azad in order to improve
the lot of the common people of
Kashmir."

The leaders of Azad are religious
Moslems, Sardar Mohammed Ibra-
him Khan, the president of Azad,
who hired me and is now presenting
Azad's case to the United Nations at
Lake Success, is a devout man.

I do not know why he tolerates
Mitha and Ready. I do know that
Mitha and Ready have little regard
for him.

When I first went to live with
Mitha and Ready they tried to con-
vert me.

They used as their text the "Peo-
ples' Age"—the Bombay edition of
the Daily Worker.

Their arguments were always
the same. Only Communism could
end the poverty that prevails
everywhere, including the United
States, and excepting only Russia.
Mitha and Ready parroted charges
in the Peoples' Age that the United
States is trying to inherit the Brit-
ish Empire—including both India
and Pakistan.

After awhile they saw it was use-
less to try to win me over. But we
remained friends.

They even took me to visit their
Kashmir Freedom League College
several times.

There I saw "students"—men be-
tween 25 and 30 years old—doing
"physical training"—military drill
and street-fighting exercises.

I heard Mitha give a lecture on
systems of government. His point
was that the world must proceed
from feudalism to capitalism, to
Socialism and finally Communism.

He said that the British labor gov-
ernment was only a weak step for-
ward on the road along which the
whole world will march eventually.

There were other "teachers" at
the college. Strangely enough, they
were blond and blue-eyed. I never
saw a blond, blue-eyed Pakistani,
Afghan, Pathan, or Hindu.

These "teachers" could not speak
either Urdu or Pushtu, the two lan-
guages of Kashmir. They'd shrug
their shoulders when I'd try English
on them. But I guess they could
teach street-fighting without saying
much.

I do know they weren't Moslems,
for I used to see them in bars

around Rawalpindi, drinking heav-
ily. No Moslem touches liquor.

Mitha explained to me that the
students of the college became qual-
ified "social workers" on graduation.
Then they were sent to liberated
towns in the wake of our advanc-
ing army.

There they would do "refugee
work" and "help in administration."
So in preparation for this career
they were studying economics, gov-
ernment, history, and "physical
training."

I never saw the school's gradu-
ates in action. They always follow-
ed our army into captured towns.
But by the time they had come, the
front would have moved on.

Mitha once told me that they
were "reorganizing" Kotli and Mir-
pur after I had captured those
towns. I heard many rumors, but I
can not say what they did.

Mitha and Ready never went to
the front. But we had one Commu-
nist who was one of our best gen-
erals. He is Abdul Latif Afghani,
who is still commander of Azad
forces in Uri, a district bordering
Gilgit. His last name tells part of
his story.

Abdul Latif is an Afghan who is
in Kashmir because he was driven
from Afghanistan seven years ago
for communist activity.

He is the only Azad officer who

won't wear a uniform. He saunters
around jauntily in an old beret, a
worn leather shooting jacket, and
baggy trousers, with a bandolier full
of cartridges slung over his shoul-
der.

Abdul Latif Afghani never argues.
When I'd talk about the virtues of
American democracy, he'd say, "We
won't exchange slavery under the
British raj for slavery under the
American dollar."

I'd taunt him: "Why do you prefer
slavery under the hammer and
sickle?" but he would say nothing.

In all my talks with Kashmir
Communists I got the idea that they
were just waiting for Russia to
come down through the Gihit
passes and take over all of India

and Pakistan. I didn't like the idea,
and I discussed it with British of-
ficers in Rawalpindi.

The British had two constant
topics of conversation—one, would
there be war between India and
Pakistan? And, two, if so, how long
would the Russians wait before
moving in?

British Intelligence was much in-
terested in the information I gave
them about Communists in Kash-
mir. They already knew most of
what I had to say but they asked
me to watch for more.

Especially, they asked me to keep
them completely informed on the
activities of Mitha and Ready.

I did. And that's what led to my

fleeing from Kashmir—a hunted
man.

There was a strange convoy that
came down from the hills one day.
All I knew about it was that Mitha
and Ready were determined to
smuggle it across the Pakistan
frontier to India.

I tipped off British Intelligence.
The convoy was stopped that day.
That night Mitha and Ready sent
two gunmen to kill me.

(Tomorrow Haight tells how he
foiled the assassination attempt and
how he escaped from Kashmir.)

foreign policy; 5. Put our house in order, protect civil liberties; 6. Work on race relations, be concerned about our fellow-man. In this country we classify people according to nationality, color of skin and so forth, instead of as individuals. This is not the Christian way of life; 7. We do not need peace-time compulsory military training."

Following the address, many questions were asked and answered. Also, a questionnaire on peacetime compulsory military training was passed out and this questionnaire was filled in by the persons present. The question that brought the most comment was the following: "Do you believe the United States should propose to the United Nations the international abolition of conscription?" Some seemed to think that this was the happy answer to the whole question of compulsory military training, but the difficulty was how to get the nations to take it seriously enough to make it work.

A project was adopted to buy at least one bicycle for a preacher in India. This project was the suggestion of Lewis F. Walley, of Bustleton Church. The clergyman in question, Donald Ebright, attended college with the Rev. Mr. Walley and he is said to be doing a wonderful work in India. He has charge of The Maradabad Circuit, consisting of 30,000 inhabitants, living in 2000 towns and divided into 20 sub-circuits. The Rev. Mr. Ebright has complete charge of this circuit and appoints the preachers of the area. He is in need of 40 bicycles; costing about \$60 each.

The program also included: invocation, the Rev. B. Burns Brodhead; dinner, served by Bustleton group and prepared by Mrs. William Mohre's class; "Sing-a-long" led by George Hogeland; devotions, the Rev. Charles H. Weller; fun and fellowship, Raymond Schriver.

Bristol Firemen Called To Trenton

Continued from Page One

Bristol Consolidated at the Hanover street station.

Bristol firemen remained in Trenton about four hours, some companies returning here before others.

After two hours the firemen, who brought aerial trucks to help them fight the fire, brought the blaze under control. There was no estimate of damage, but officials said that much furniture and electrical equipment was destroyed.

To get adequate water power, firemen dragged their hoses from hydrants almost a block away. Some lines were hauled through the graveyard of the First Presbyterian Church, adjoining the store.

Here and There In Bucks County Towns

Continued from Page One

There are ulcers in their mouth post-mortems have revealed. They go down very quickly, their eyes water and they have a discharge at the nostrils."

Dr. Ruth said he has not heard of any "X Disease" cases in Bucks or Montgomery counties.

Following a request for a piece of Spanish oak which would be used to make a map of Pennsylvania, Sheriff H. Raymond Ahlum, who couldn't find that variety, compromised and sent a Kingston hobbyist a piece of buttonwood.

Some time ago J. A. Schuld, Kingston, who wrote Sheriff Ahlum and told him that he had a United States Flag, made out of wood, asked for a three inch square of Spanish Oak. It was to be a quarter inch thick.

Harry S. Stout, Quakertown cabinet maker, cooperated with Sheriff Ahlum and together they obtained a good specimen of buttonwood. They took a limb, which was thick enough to give them one whole side without any knots, and they planed it down so that Mr. Schuld will have no difficulty in cutting the con-

four lines of Bucks county out of the wooden block.

The coal-miner wood collector, who wrote Sheriff Ahlum that he had more than 700 kinds of wood, explained that he expects to donate the United States, Pennsylvania and American flag wooden reproductions to the Kingston Library.

Dairyman Pays Fine For Selling Milk Too Cheap

heavier the next time, and a \$300 fine would be a little too much."

Under the law, first and second offenders against the price regulations of the Commission may be fined from \$25 to \$300, plus costs. After that, the offense becomes a misdemeanor, punishable by a fine of \$500 to \$1,000, or a jail term of up to a year, or both.

Hendricks, a little surprised by all the to-do, said that for about three months of each year the butterfat content has run up to 4.3 per cent.

The Milk Control Commission says milk can be sold at the Grade A retail price—currently 20½ cents—if the butterfat content is at least 3.25 per cent and no more than 4.0 per cent. Above that, B milk at retail must bring 21½ cents.

Grade A milk, which meets a higher standard for bacteria con-

tent, must be sold at 23½ cents.

Hendricks said that he was advertising his milk as richer than most, and that a representative of the commission told him competitors had complained.

The Commission's investigators tested his milk and found it over the limit. He was fined by Justice of the Peace W. Lee Wilhelm here. Since then, Hendricks said, he has cut down the butterfat content to 3.95 per cent by adding thinner milk. This is called standardizing.

Glenn R. Spangler, chief of enforcement for the Commission, at Harrisburg, said the Hendricks case was the first of this specific kind in the last two years.

"Don't confuse price-cutting with 'selling too-rich milk,' the way I have seen it printed," Spangler said. "The Commission does not prohibit the selling of B milk containing more than 4 per cent butterfat, but its regulation requires that an extra cent be charged for it."

"Milk is bought and sold on its butterfat content. A dealer pays so much for 100 pounds containing so much butterfat. If it contains more than 4 per cent, he pays so much more, and he sells it the same way."

"The regulations put one dealer on the same footing as another, on cost and selling price. The whole industry is regulated that way."

Fashion Plate for '48

Buick takes the bows—with ten sparkling models, a new Vibra-Shielded ride, sensational Dynaflo Drive, 30-odd new advances

The curtain's up — the show is on — and square in the spotlight of public favor is this fashion-plate Buick.

This bonnie, brawny beauty is taking bows for the eye-appeal of its ten stunningly-smart models...

Catching bouquets on the utter brilliance of Hi-Poised Fireball power...

Getting applause for Safety-Ride rims, pillow-soft tires, all-coil springing — for bodies newly sheltered against disturbing noise —

for no less than 30 new features. And it's winning curtain calls on two major advances no other car offers.

One is the fabulous new Dynaflo Drive* where there is no gearshift-ing, even automatically. You just step on the gas — and motoring close to magic is yours.

Other star feature is the Vibra-Shielded ride. Here for the first time you're shielded against vibration

build-up that brings on fatigue. Here no tiny tremors can harmonize into big ones. Here is living-room comfort and quiet.

Your Buick dealer is showing this fashion plate that's touched with magic. See it. Check it for spaciousness, for solid-feeling steadiness, for superlative finish, fittings and fabrics.

Then — to get one into your garage at the earliest possible date — get your order in now.

NO GEARS EVER SHIFT IN DYNAFLOW DRIVE*
In Buick's new Dynaflo Drive, sliding gear transmissions and complex gear-changers are made unnecessary. You simply set a selector lever and step on the gas. The power plant does the rest, adjusting itself to varying driving conditions with utter smoothness. You start up — accelerator — climb hills — cruise — stop — start up again — all without touching the selector lever.
*Optional on extra cost on Roadmaster models

For 1948... The Big News Is The New Olds! A brand new Oldsmobile '48 is here today! It's the first of the Futuramic cars... introducing the first of the eagerly awaited new "postwar" Bodies by Fisher. It's Oldsmobile's Golden Anniversary model—and carries to a new high the Oldsmobile tradition of smartness!

When you see this Futuramic Oldsmobile, you'll realize what important news it brings. There's style news in its clean, flowing Futuramic lines—its modern simplicity inside and out. There's safety news in the greater visibility provided by the new, low hood design curved windshield, and extra size windows.

There's welcome news for passengers, too, in the lower, wider, roomier Futuramic body. And there's good news underneath the hood—a new high-compression head which adds extra horsepower to Oldsmobile's famous 8-cylinder engine.

Naturally, this brand new 1948 model offers Oldsmobile's fully proved Futuramic feature—GM Hydra-Matic Drive*. Here's driving at its ultra-modern best. No clutch pushing—no gear shifting—just "step on the gas and go!" You go smoothly... comfortably... with thrilling performance... the Futuramic, Hydra-Matic way.

Numerous Wills Have Been Filed in The County Office

Continued from Page One

Woman physician's estate will be divided equally by six beneficiaries. Elizabeth T. Crossman, of North Carolina; Mrs. Rebecca Price, of Maryland; Mrs. Mary S. Bullions, of Delaware; Mrs. Magdalena Thompson, of Belfone, and Mrs. Martha G. Thompson, State College.

The will was executed July 17, 1946, and Donald B. Smith, Parkersburg, was named executor.

Samuel F. Lunbridge, Wrightstown township, who left a personal estate of \$1500, bequeathed \$100 to the Doylestown Cemetery Company to provide care for the Thomas Burgrave lot. A sister-in-law, Kate Burgrave, was bequeathed \$500.

Three cousins, May, Ray and Jesse Burbridge, will inherit the residue. The testatrix, who died Dec. 18, 1947, bequeathed his will Dec. 9, 1941. Doylestown Trust Company was named executor.

Thomas Strawn, of Quakertown, who left an estate of \$14,000, created a trust fund for the benefit of his widow, Alice Dennis Strawn. The testatrix, who died Jan. 14, 1947, executed his will April 8, 1932.

Real estate holdings include a property at 919 West Broad street, Quakertown, and in Bungalow Park, South Whitehall township, Lehigh county. Following the death of their mother, three children, Daniel H. Strawn, Jr., and Virginia I. Strawn, will be the heirs. The personal estate was valued at \$7,000 and real estate at \$7,000. Thomas F. Strawn, 7715 Matthias st., Philadelphia, was named executor.

The \$3,000 personal and \$12,000 real estate holdings of John F. Ackerman, Lower Southampton township, will be inherited by the widow, Elizabeth J. Ackerman. The testatrix, who executed his will March 27, 1944, died Jan. 9, 1947. Fox Chase, was named the executor. Real estate is located on Rhawn street, Philadelphia.

Mary Jane Kraft, of Sellersville, who left a personal estate of \$1,000 and real estate of \$2,500, in a holographic will, named members of the family heirs. The will, which was dated, March 24, 1938, was written in pen and ink on one sheet of stationery.

The beneficiaries, including Ernest Kraft, who received \$200; Eva Rauchenberger and Lester Kraft, also were Mary Jane who inherited

a watch and Rene Jane, furniture. Real estate was located at 24-26 East Church street, Sellersville. The testatrix died Dec. 10, 1947.

With the exception of a bequest of \$200 to a daughter, Emma Rhoades, four beneficiaries, Joseph L. Emma, Arthur and Harry Rhoades, will inherit the residue of the \$100 personal and \$4500 real estate holdings of Lillie Rhoades Pluck, Quakertown. The will was executed June 7, 1939, and the testatrix died Jan. 17, 1947. Joseph L. Rhoades, 217 Ambler street, Quakertown, was named the executor.

With the exception of a bequest of \$5 to a brother, Lewis E. Green, the \$1200 real estate holdings of Florence May White, Tullytown, will be inherited by Florence May Morgan. The testatrix, who died Dec. 11, 1947, made her will October 9, 1933.

The \$460 personal estate of John S. Peters, Bristol, will be inherited by Mrs. Elwood W. Bilger, 213 Market street, Bristol. The testatrix, who died Dec. 26, 1947, made his will July 17, 1947. Mrs. Bilger was also named executrix.

John Hardison Scott, of Sturges, Ky., took as his bride, Miss Mary Straw Pollitt, of Wakeling street. The bride is the daughter of Mr. and Mrs. Edward Pollitt, Sr. The bridegroom is the son of Mr. and Mrs. Robert M. Scott, of Eddington.

The double ring ceremony was performed by the Rev. Charles P. Robison, pastor of Gliding Church, and the Rev. William Reeves, pastor of Rehoboth Methodist Church. The bride was given in marriage by her father.

The church was decorated with a background of ebullient ferns and hollyleaves. White flowers in brass vases were on either side of the altar. On the center of the communion table was an arrangement of white and red flowers. At the center aisle end of each pew, a brown wicker basket held white flowers. Candles along the side aisles were in wrought-iron fixtures.

Prior to the ceremony the organist, Mr. Clovis Brenner, rendered the "Grand Chorus" of Dubois, "Toccata" (Dubois), "The Water Music Suite" (Handel), "Capriccio" (Kander), "Idyll" (Kander), "Companion" (Parvus), "Spring Song" (Handel), "Cantabile" (Loret). The vocal soloist was Miss Irma Wahlquist.

The bride chose as her matron of honor her sister, Mrs. Norburg Brown, of Lincoln Park, N. J. She was gown in an old-fashioned dress of red velvet. It was cut with sweetheart neckline and short sleeves. The skirt featured a pleated bodice with a fullness in front. She wore a pointed crown outlined in red velvet. Long red velvet mitts completed her attire. She carried an old-fashioned bouquet of white and red flowers placed in a heart-shaped dollie. The bridesmaids, Miss Irma Wahlquist and Miss Lois Veith, were gown in white faille, fashioned on the same lines as that of the matron of honor. They also wore crowns outlined in red velvet and velvet mitts. All the bride's attendants wore pearls, gift from the bride. The bridesmaids also carried old-fashioned bouquets in heart-shaped dollies.

The bride's gown was of white faille, featuring a long train. A large lace ruffle made up of tiny ruffs of Chantilly lace, outlined the sweetheart neckline. The sleeves were pointed over the hands. The tight bodice featured a pleat in front. The skirt was full. Her finger-tip veil of imported French illusion was held by a pointed crown filled in with tiny pleats of illusion. The edges of the veil were pointed. Her bridal bouquet was old-fashioned style, made up of white flowers in a heart-shaped dollie. The gown worn by the bride was the one in which her sister, Mrs. Brown, was attired on her wedding day.

The bride-grooms attendants were: The Rev. Hubert Rust, of Jacksonville, Fla., who served as best man; Mr. Frederick Wilson, Princeton, N. J., and Dr. Henry Vansant of Bensalem Township, serving as ushers.

The bride's mother, Mrs. Pollitt, wore an aquamarine floor length gown, a black straw hat trimmed with blue and white flowers and long white gloves. Her corsage was of white gardenias. Mrs. Scott, mother of the bridegroom, wore a pearl grey floor length dress featuring a beaded bodice. She wore long white gloves and a pink rosebud corsage.

A reception was held at the home of the bride's parents. The couple will spend their honeymoon in the southern states. They will make their home at Sturges, Ky., the Rev. Scott having just begun his first pastorate in the First Presbyterian Church in that town.

The bride is a graduate of Frank-

ford high school and the University of Pennsylvania. The Rev. Mr. Scott is a graduate of Bensalem Township high school; Maryville College, Tenn.; and Princeton, N. J., Theological Seminary.

The bride's traveling costume consisted of a black crepe printed dress featuring a cape and tiny collar. A black straw, open-crowned hat was trimmed with mixed flowers matching those in the printed dress. With this she wore a black suede coat trimmed with an aqua collar.

ROHM & HAAS FIVE REGAINS THE LEAD BY SMALL MARGIN

The Rohm and Haas basketball team regained their slight margin on first place in the Bristol Basketball League by scoring a close decision over the Hibernians, 44-42, yesterday afternoon on the Maple Beach club-house floor.

A field goal by "Ed" Mazzanti after "Bill" McConnell had dropped in a foul gave the chemical mixers their margin of triumph. The "Hibees" staged a rally in the last fifteen seconds with Rodgers scoring a fielder to put them two points behind. With five seconds left in the tilt, Rodgers had a chance to deadlock the score but missed an easy lay-up after a double-pass from Vanzant and Donnelly.

So close was the playing that in the last quarter, the lead was changing hands continually. Donnelly put the Hibees ahead by one point, 31-30, before the quarter closed but Mazzanti scored to give the Rohm and Haas team the lead. Rodgers' field goal gave the Hibees a 33-32 edge and field goals were made by each until it was 39-38 on Rodgers' fielder. But Everitt tied it with a foul and McConnell put the Rohm and Haas team ahead, 40-39. The winning points were then tallied.

Rodgers and Elmer led the Hibees in scoring while "Angie" Everitt, Mazzanti and McConnell starred for the winner.

The tilt was decided from the foul line with the winners scoring 16 fouls in 23 tries and the Hibees getting 8 out of 23. Both teams scored 17 field goals.

Rohm and Haas will battle the Profy team for first place Friday night on the high school court.

WAGNER IS SIGNED BY BROOKLYN DODGERS

Earl Wagner, a former Bristol High school pitching star, has been signed by the Brooklyn Dodgers, and will play at Johnstown, having been placed in Class "C". Wagner is awaiting word as to where he will train for the coming season.

Wagner played with the Bristol high school nine in 1946, having entered the Bristol schools in the 10th grade from Bristol township public schools, and he took the academic course. He left school here while a student in the 11th grade on October 8, 1946, and was signed by the Philadelphia "Phillies".

January 30th of this year it was announced that the "Phillies" had been fined \$500 by Baseball Commissioner A. B. Chandler for violating the league rule against signing a school boy before his class was graduated. Wagner, whose records show four no-hit games for Bristol, had been assigned by the Bluejays to the Bradford farm team in the Pony League.

General Manager Herb Penrock admitted the league was wrong in signing Wagner, adding "The boy had finished school and we thought he had finished, but his class had not graduated." He added that Wagner is a "mighty fine prospect."

The ruling by Chandler also prevents the "Phillies" from signing Wagner, who stands six feet tall and who weighs 170 pounds.

car, and added that the two other members of the group were found a few minutes later in the car, parked about a block away. All submitted quietly to arrest, and were taken to the jail to await a hearing today before Justice of the Peace Russell B. Gulick.

Irwin said the youths, when arrested, had in their possession a sawed-off shotgun, a high-powered rifle, four pistols, and 144 rounds of ammunition. He said a check showed that the rifle and shotgun were stolen from the home of Dr. and Mrs. H. Earl Twining at Chain Bridge, five miles south of Doylestown, last Wednesday afternoon while the physician, a skin specialist, and his wife were shopping in Philadelphia. The barrel of the shotgun was later cut down.

Other valuables, including jewelry, a radio and two \$500 cameras, worth \$3000 in all, were taken at the time, the police official said.

The intruders, he added, had placed 150 feet of clothesline and a butcher knife by the front door while they were looting the place, with the obvious intention of binding up and threatening anyone who might enter before they left. No one did, however, and Dr. Twining found the rope and knife when he returned later.

The detectives obtained the name of a man from whom the suspects said they had "borrowed" the car in which two were found sitting. Police later learned that this man was Graber.

Mitchell said the three older suspects gave their names as Edward Fox, 22, of Lippincott street, near Front; Joseph Barker, 21, of 19th street, near Olive; and Joseph Gross, 20, of Dauphin street. The identities of the younger boys are disclosed as follows: Ross Ingram, 17, E. Cumberland st.; James Dittore, 16, E. Ontario st.; Robert Gray, 18, of E. Berks st.

Detectives said Gross and Fox confessed six Philadelphia holdups, implicating one of the younger suspects in three of them.

ROHM & HAAS FIVE REGAINS THE LEAD BY SMALL MARGIN

The Rohm and Haas basketballers regained their slight margin on first place in the Bristol Basketball League by scoring a close decision over the Hibernians, 44-42, yesterday afternoon on the Maple Beach club-house floor.

A field goal by "Ed" Mazzanti after "Bill" McConnell had dropped in a foul gave the chemical mixers their margin of triumph. The "Hibees" staged a rally in the last fifteen seconds with Rodgers scoring a fielder to put them two points behind. With five seconds left in the tilt, Rodgers had a chance to deadlock the score but missed an easy lay-up after a double-pass from Vanzant and Donnelly.

So close was the playing that in the last quarter, the lead was changing hands continually. Donnelly put the Hibee ahead by one point, 31-30, before the quarter closed but Mazzanti scored to give the Rohm and Haas team the lead. Rodgers' field goal gave the Hibee a 33-32 edge and field goals were made by each until it was 39-38 on Rodgers' fielder. But Everitt tied it with a foul and McConnell put the Rohm and Haas team ahead, 40-39. The winning points were then tallied.

Rodgers and Elmer led the Hibee in scoring while "Augie" Everitt, Mazzanti and McConnell starred for the winner.

The tilt was decided from the foul line with the winners scoring 10 fouls in 23 tries and the Hibee getting 8 out of 23. Both teams scored 17 field goals.

Rohm and Haas will battle the Frofy team for first place Friday night on the high school court.

WAGNER IS SIGNED BY BROOKLYN DODGERS

Earl Wagner, a former Bristol high school pitching star, has been signed by the Brooklyn Dodgers, and will play at Johnstown, having been placed in Class "C". Wagner is awaiting word as to where he will train for the coming season.

Wagner played with the Bristol high school nine in 1946, having entered the Bristol schools in the 10th grade from Bristol township public schools, and he took the academic course. He left school here while a student in the 11th grade on October 8, 1946, and was signed by the Philadelphia "Phillies".

January 30th of this year it was announced that the "Phillies" had been fined \$500 by Baseball Commissioner A. B. Chandler for violating the league rule against signing a school boy before his class was graduated. Wagner, whose records show four no-hit games for Bristol, had been assigned by the Bluejays to the Bradford farm team in the Pony League.

General Manager Herb Penrock admitted the league was wrong in signing Wagner, adding "The boy had stopped school and we thought he had finished, but his class had not graduated." He added that Wagner is a "mighty fine prospect."

The ruling by Chandler also prevents the "Phillies" from signing Wagner, who stands six feet tall and who weighs 170 pounds.

FRANKLIN A. C. TO TRY TO WIN 11 STRAIGHT

Unbeaten this season, the Franklin A. C. will try for its 11th straight win of the Bristol Basketball League tonight as it meets the Celtics on the Mutual Aid floor. The Celtics are the dwellers of the cellar.

In the second game scheduled, the second place Keystone Oilers will play the Third Ward Eagles, who are in the midst of a losing streak, and will attempt to break it at the expense of the Oilers.

The Junior League game will see a battle of top-notchers with St. Ann's parochial school playing against St. Mark's. A win for the St. Ann's team will place them in a tie while a St. Mark's victory will practically clinch the circuit for them.

RAMBLERS HOCKEY TEAM WINS GAME ON A FORFEIT

The Bristol Ramblers hockey team won a forfeit game from Newburgh, N. Y., Saturday night, when the latter failed to show up for the game. As a substitute game the Bristol Ramblers played the Burlington Tigers and defeated them, 4-0, before a large crowd at the Burlington rink.

For the No. 1 line, Coach Lew Smith had Earl Hampton, Danny Dugan and Herb McCollick, while on defense he had Frank Brown and George Dreher; alternates being Ed Birmingham, Bill Sottung and the Ritter brothers. Coach Lew Smith used Dick Johnson and Bill Bell as goalies in the game, and also as wing men.
